Dear San Diego County MS4 Copermittees and Interested Persons:

SUBJECT: Resolution Approving the Hydromodification Management Plan for San Diego County

On July 14, 2010, the California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) adopted Tentative Resolution No. R9-2010-0066, a *Resolution for Approval of the Hydromodification Management Plan for the County of San Diego, the Incorporated Cities of San Diego County, the San Diego Unified Port District, and the San Diego County Regional Airport Authority*. This action was taken pursuant to D.1.g. of Order No. R9-2007-0001. A copy of the signed Resolution is included for your reference.

At the San Diego Water Board meeting, the Board adopted additional language from the originally proposed Tentative Resolution. A copy of the Resolution is also included that shows the new language in underline and ~~strikeout~~ text. Hard copies of these documents are available upon request.

Please note that each Copermittee must incorporate the approved HMP (including changes made in Resolution No. R9-2010-0066) into its local Standard Urban Storm Water Mitigation Plan (SUSMP), and implement the HMP for all applicable PDPs by **January 14, 2011**. Failure to do so will result in non-compliance with Order No. R9-2007-0001.

For information or questions regarding this permit action, please contact Ms. Christina Arias at (858) 627-3931 or by email at carias@waterboards.ca.gov.

Respectfully,

DAVID W. GIBSON
Executive Officer
